Cooperative Agreement
between
the Committee for Purchase From People
Who Are Blind or Severely Disabled
and
National Industries for the Blind

This Agreement is entered into by and between the Committee for Purchase From People Who Are Blind or Severely Disabled, operating as the U.S. AbilityOne Commission (“Commission”), and the National Industries For The Blind, designated herein this Agreement as an AbilityOne Program central nonprofit agency, for the purpose of establishing the governing relationship and roles and responsibilities of each party in its respective role within the AbilityOne Program.

The United States AbilityOne Commission, the operating name for the Committee for Purchase from People Who Are Blind or Severely Disabled (the "Commission"), is the independent Federal agency that administers the AbilityOne Program by authority of the Javits-Wagner-O'Day Act ("JWOD Act"), codified in 41 U.S.C. §§ 8501-8506.

National Industries for the Blind is a nonprofit agency whose mission is to enhance the opportunities for economic and personal independence of persons who are blind, primarily through creating, sustaining and improving employment. National Industries For The Blind, hereinafter referred to as Central Nonprofit Agency (“CNA”), has historically served as a Commission-designated central nonprofit agency within the AbilityOne Program as identified in 41 C.F.R. § 51-3 and FAR 8.701 to represent Nonprofit Agencies ("NPAs") employing persons who are blind, and thereby facilitate the distribution of orders by the Federal Government for commodities and services on the Procurement List among qualified NPAs employing persons who are blind under the Program.

SECTION A – BACKGROUND AND OBJECTIVES

1. PUBLIC PURPOSE.

The public purpose of this Agreement is to establish key expectations and guidance for the Commission and CNA in relation to the implementation and management of the AbilityOne Program. The Javits-Wagner-O’Day Act (the “JWOD Act”) established the U.S. AbilityOne Commission to both provide and increase employment and training opportunities for persons who are blind or have other significant disabilities through the delivery of products and services to the Federal Government. The JWOD Act also requires the Commission to designate central nonprofit agencies (CNAs) to facilitate the distribution of federal government orders by allocation or other means.

In 2013, the Government Accountability Office (GAO) reviewed the AbilityOne Commission and program and made recommendations to the Commission to address their findings. Additionally, in December 2015, Congress passed Consolidated Appropriations Act, 2016, Public Law 114-113 2016, that included certain directives for the AbilityOne Commission to address within one-hundred eighty (180) days of the Act’s passage, namely (1) to enter into written agreements with the designated CNA to provide auditing, oversight, and reporting requirements; and (2) to stand up an Office of Inspector General for the Commission. In addition, Congress asked the written agreement address nine points:

1. Roles and responsibilities on the part of the Commission and the CNA in project assignment procedures, including decision-making processes
2. Expenditures of funds, including policy governing reserve levels
3. Performance goals and targets
4. Governance standards and other internal controls to prevent fraud, waste, and abuse, including conflict of interest disclosures and reports of alleged misconduct
5. Access to data and records
6. Consequences for not meeting expectations
7. Periodic evaluations and audits on affiliates
8. Periodic review and updates on pricing information
9. Provisions for updating the agreement

2. CENTRAL NONPROFIT AGENCY DESIGNATION

Pursuant to 41 U.S.C. § 8503(c) and the Consolidated Appropriations Act, 2016, the Commission by execution of this Agreement hereby designates National Industries For The

Blind as a central nonprofit agency (hereinafter referred to as “CNA”) to facilitate the distribution, by direct allocation, subcontract, or any other means, of orders of the Federal Government for product and services on the Procurement List (PL) among qualified nonprofit agencies (hereinafter referred to as “NPAs”) for persons who are blind. As a designated central nonprofit agency, National Industries For The Blind, herein agrees to comply with the terms and conditions of this Agreement as well as the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51.

3. DESCRIPTION OF SERVICES

The CNA shall provide all management, labor, supervision, materials, equipment and supplies to furnish CNA program services to the NPAs as outlined in the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51. The CNA shall plan, schedule, coordinate, and ensure effective and efficient performance of all services provided. The CNA shall perform the services in a manner that promotes the Federal Government’s policies and the Commission’s specific objectives as set forth in this Agreement, the JWOD Act, 41 U.S.C. Chapter 85 and implementing regulations, 41 C.F.R. Chapter 51. This is a performance-based agreement. These performance-based specifications express the Congressional mandate of the Consolidated Appropriations Act, 2016. Performance-based specifications express the Government’s requirements in the form of the minimum quality standard to be met and consequences for deficient performance.

The overall purpose of this Agreement is to implement Consolidated Appropriations Act, 2016, Public Law 114-113 2016, , by establishing the governing relationship between the Commission and the CNA to ensure effective stewardship and to increase employment and training opportunities for persons who are blind or have other significant disabilities at employing qualified NPAs through the delivery of products and services by the NPAs to the Federal Government in accordance with and in furtherance of the Javits-Wagner-O’Day Act.

High value is associated with sustaining and increasing current employment levels and developing and executing new lines of business that also increase new employment opportunities.

Key performance indicators of this agreement are:

- Employment Growth
- Program Administration, Oversight, and Integrity
- NPA Support, Assistance, and Development
- Training and Strategic Communications

4. ORDER OF PRECEDENCE

2. Executive Orders (if applicable to the AbilityOne Program)
3. Regulation: Chapter 51 of Title 41 Code of Federal Regulations

OBJECTIVE 3.1 EMPLOYMENT GROWTH

Employment growth for persons who are blind or with significant disabilities is the most important objective of this agreement. At a minimum, the CNA must provide an employment growth plan that provides new lines of business and employment growth expectations no later than June 1 of each year. The CNA, in consultation with NPAs, federal and state customers, disability community (including veterans), and appropriate education institutions (e.g. Gallaudet, American Public University, disability rehabilitation programs, etc.), shall conduct market research and analysis to influence the employment growth plan for the Federal market segment. At a minimum, the employment growth plan shall incorporate the market analysis results and findings and address the following:

1. Sustaining existing employment. Sustaining existing employment shall result in no net employment loss in lines of business existing at the time of this Agreement, annually thereafter and incorporated herein as agreed upon by the parties or by amendment to this Agreement, absent unforeseen changes by the federal customers to phase out certain lines of business or unforeseen declines in a particular industry, measured in terms of direct labor hours (DLH), for both persons blind/significantly disabled and total DLH separately (as reported in annual representations and certifications). The plan shall have clear objectives with measurable progress towards sustaining net employment levels.

2. Hiring new employees for existing and new lines of business. Each year the CNA shall establish an employee growth target for existing and new lines of business. At a minimum the strategic growth plan shall include the annual employee growth targets resulting in net employment growth in existing and new lines of business (as measured in terms of FTEs). The plan shall have clear objectives with measurable progress towards increasing net employment levels.
3. Placing employees in upwardly mobile jobs in indirect labor, supervision, management or competitive employment positions (as reported in annual representations and certifications). Under current implementation of law, such integrated placements will not be factored into the 75% direct labor hour ratio that NPAs must maintain to participate in the AbilityOne Program, but may be considered when evaluating the CNA's performance.
4. Procuring (for internal use) the products and services offered by NPAs participating in the AbilityOne Program (measured by number of NPAs reporting such purchases).
5. Barriers to Employment Growth. The CNA shall provide a forecasting report that shows current market demand, future customer needs, and new customer acquisitions. In this report, the CNA shall identify and prioritize the top five (5) barriers to employment growth and the specific action plans that will be addressed within the next twelve (12) months or the duration of a shorter term.
6. A pipeline report that will show customer procurements for the succeeding twelve months.

As a representative of qualified NPAs, it is essential that CNA shall not create an actual conflict of interest or appearance of conflict of interest relative to the NPA doing business with the government by unnecessarily competing with the NPA.

The CNAs shall implement a business ethics program (including conflict of interest policies) in accordance with Section F.3 of this Agreement to effectively reduce the risk of outside influences directing CNA decisions and implement rules to ensure independence and transparency of its board and executive officers in terms of composition and actions. The CNA shall comply with and ensure that all qualified NPAs comply with the AbilityOne regulations, policy, and guidance on conflicts of interest. The CNA shall establish policies and procedures to assure that 1) Boards and officers understand and uphold their fiduciary responsibilities while avoiding any instances that reflect a conflict of interest; 2) assets are managed properly; and 3) the designated responsibilities under the AbilityOne Program are implemented in accordance with the JWOD Act and all other applicable laws, regulations, policies, procedures and guidance. The CNA shall train all existing and new CNA employees who support the Program on business ethics and conflicts of interest policies, at least annually.

To avoid the appearance of an impropriety, no board member can participate in any action impacting AbilityOne Procurement List new opportunities, allocations, and/or re-allocations of contracts that creates a personal conflict of interest without the express written approval of the Commission upon full disclosure of the nature of the conflict of interest. Current CNA board

members must be in compliance within thirty (30) days of the Agreement effective date. The CNA shall maintain records indicating recusal of board members and the reason for the recusal.

Chapter 85 and implementing regulations, 41 C.F.R. § 51, Commission guidelines. The CNA shall assess and evaluate its internal controls in accordance with this Agreement and other applicable laws and regulations governing the same, to ensure that the controls are effective and updated when necessary to successfully carry out its responsibilities and avoid potential for waste, fraud, or abuse. The CNA shall also inform the Commission of the results of this assessment, not protected by attorney-client privilege, and demonstrate to the Commission that the controls it has in place are sufficient to meet all the laws, regulations, and guidance governing nonprofit institutions as well as to satisfy the requirements under the Consolidated Appropriations Act, 2016, JWOD Act, implementing regulations and Commission guidelines.

3.2.3.1: Internal Control Reporting. The parties further agree that any such audits shall be conducted as they would be for a major program in a Single Audit absent availability of a program-specific guide. As such, the CNA must prepare a financial statement for the Federal program that includes, at a minimum, a schedule of expenditures of Program Fees as agreed to in Section C.4.0 of this Agreement and notes of significant accounting policies, a summary of prior audit findings and corrective action plans. The CNA shall act upon all recommendations that may result from any program specific audit conducted under this Agreement. The CNA shall provide the Commission a copy of each audit, associated corrective actions, and pertinent related correspondences.

3.2.4: CNA General Management and Administration. The CNA shall integrate and coordinate all activities required to provide CNA services. The CNA shall participate in ad-hoc In-Process Reviews (IPR) of program performance with special emphasis on employment growth and financial management updates. The CNA shall submit the necessary reports and documentation to the Commission not later than thirty (30) days after date of Commission request in preparation for the ad-hoc IPR.

Additionally, the CNA is authorized to further grant a world-wide, non-exclusive, royalty-free use of the trademark and logo as a Sub-License to qualified NPAs in the AbilityOne Program. In particular, although not limited to, the Licensee or Sub-Licensee will use the trademark and logo as follows:

- (a) in a tagline following the CNA’s name as follows: “(CNA Name), An AbilityOne® Authorized Enterprise”;
- (b) in a tagline following the NPAs (Sub-Licensee’s) name as follows: “(Nonprofit Agency name), An AbilityOne® Authorized Provider”;
- (c) in any professional manner wherein the CNA is performing its delegated responsibilities as a designated CNA; and

The CNA shall adhere to all terms of the license granted under this Agreement and use the trademark and logo in such a way as to professionally promote the AbilityOne Program and the CNA’s status as a central nonprofit agency designated by the Commission pursuant to 41 U.S.C. § 8503(c). The CNA agrees that such use of the trademark and logo will be accomplished so that there is no appearance of the Commission or Government endorsement or authorization of, or affiliation with the CNA and the NPA Sub-Licensee, other than as such affiliation is specified herein between the Commission and the CNA or NPA Sub-Licensee. More specifically, the CNA or NPA Sub-Licensee shall not use the trademark and logo in communicating with Members of Congress or their staffs, Executive agency senior leaders or their staffs, or other individuals or entities not affiliated with the AbilityOne Program in any manner that could appear that the Commission authorized, approved or agrees with the contents of the communication without advance approval by the Commission.

As authorized by this subsection, the CNA shall further grant sub-license for use of the registered trademark “AbilityOne” with each of the qualified NPAs; when discovered by the CNA, report infractions of use by any Sub-Licensee to the Commission (to the extent

the CNA is aware) and take corrective action as needed. The CNA shall monitor and supervise the use of the registered trademark and logo, reporting any inappropriate use discovered by the CNA to the Commission (to the extent the CNA is aware).

The Commission retains all rights, authorities and use of the AbilityOne or AbilityOne Program name, trademark and logo. The CNA hereby acknowledges and agrees that the Commission is the sole owner of the trademark and logo, the goodwill pertaining thereto, and that nothing contained herein shall constitute an assignment of the trademark or logo, or grant to the CNA of any right, title or interest therein, except the right to use it as set forth herein.

The execution of this Agreement supersedes any and all authorities granted in previous license agreements, effective upon the effective date of this Agreement and the separate written agreements between the CNA and qualified NPAs.

The Commission and the CNA shall work cooperatively to address any areas of improvement identified by the Commission.

5.0: QUALITY CONTROL PLAN (QCP)

The CNA shall develop and maintain effective quality control procedures to ensure services are performed in accordance with the PWS in this Agreement. All work performed under this Agreement shall be consistent with industry standards to assure timely provision of services and optimum customer satisfaction. The CNA shall develop and implement procedures to identify and ensure services are provided at the required level of performance for all elements of this Agreement. CNA performance requiring corrective actions include, but are not limited to, items such as late performance or submission of defective or late reports on a recurring basis or failure to perform a required task.

The CNA shall submit an initial quality control plan (QCP) to the Commission no later than thirty (30) days after the effective date of this Agreement. The QCP will be reviewed and approved by the Commission and the CNA will be notified if there are any deficiencies. The CNA will have thirty (30) days to correct any deficiencies, if required. The CNA must ensure the QCP is in operation throughout the entire term of the agreement. The CNA shall prepare and implement a written quality control plan as described below.

5.1: Minimum Requirements of QCP. The following are the minimum requirements for a quality control plan to be provided and maintained by the CNA:

1. The CNA shall ensure the required services specified in this Agreement meet the quality standards outlined in the Agreement. The CNA shall implement a nationally recognized quality control program, such as but not limited to ISO 9001, to align with quality control standards for similar organizations. The CNA shall provide copies of certifications and external audit reports as applicable. The CNA shall ensure delivery of the required services specified in this Agreement meet the quality standards outlined in the Agreement;

2. The CNA is responsible for the day-to-day inspection and monitoring of all CNA work performed to ensure compliance with Agreement requirements;
3. The results of all quality control inspections conducted by the CNA, including inspections and assistance visits at the NPAs, shall be documented on inspection reports and provided to the Commission upon request. The inspection reports shall be submitted to the Commission no later than ten (10) days after requested; and
4. The CNA shall revise the QCP plan as requested by the Commission, in an effort to ensure Agreement objectives are met. All revisions must be submitted to, reviewed and approved by the Commission before becoming effective.

The Quality Control Plan shall include, but not be limited to:

A. SUSTAINING ACCEPTABLE QUALITY LEVELS (AQLs): The CNA shall deploy methods to identify, correct, and prevent defects in quality service levels before the service level becomes unsatisfactory. (See Section E Attachment 4, Quality Assurance Surveillance Plan (QASP)).

B. RECORDS AND FILES: The CNA shall maintain records, reports, and files to document the inspections conducted by the CNA and any necessary corrective action taken (as appropriate). Copies of all QCP related inspection reports and other documents shall be made available to the Commission when requested. All such documents shall be maintained by the CNA.

6.0: QUALITY ASSURANCE PLAN

6.1: General. The Commission will evaluate the CNA's performance under this Agreement in accordance with the Quality Assurance Surveillance Plan (QASP) (See Section E Attachment 4). This QASP will serve as a guide for all parties involved to ensure the CNA is providing the Commission and NPAs the support and services required by this agreement. The QASP defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable performance levels.

6.2: Business Relationship. The Parties agree to cooperate under the terms of this Agreement to both provide and increase employment and training opportunities for persons who are blind through the delivery of products and services to the Federal Government. Nothing in this Agreement shall be construed to create a legal partnership or joint venture between the CNA and the Commission.

In order to have an effective Agreement administration program that also ensures a successful business relationship between the Commission and the CNA, all parties involved in the service delivery process must work as a team and foster open and honest communication at all times. Close coordination and active cooperation on a continuous basis between the CNA and those representing the Commission is critical.

6.3: Commission/CNA Win-Win Communications. To avoid any unnecessary issues and controversy and to settle minor problems and misunderstandings, the CNA and the Commission shall meet monthly during the term of the Agreement. The intent is to ensure that the operating environment under this Agreement evolves in an interactive positive and effective manner. Thus, the Commission and the CNA will determine the frequency of meetings, but not less frequently than once per month unless otherwise agreed to by both parties. A mutual effort shall be made to resolve problems identified during these meetings. The participants in these meetings will be determined by the Commission and the CNA. Specific topics to be addressed during these meetings may include such topics as listed below or any other areas that require discussion:

1. Effectiveness of CNA's Quality Control Plan
2. Quality Assurance Surveillance Plan Performance evaluation
3. Corrective action plans
4. PL submittals for new lines of business
5. Management of NPAs and their support and development
6. Employee Growth
7. New Lines of Business

6.4: Performance Evaluation. The CNA is expected to provide effective and efficient services at all times. The Commission will conduct performance evaluation in accordance with the Quality Assurance Surveillance Plan, see Section E Attachment 4. During the life of the agreement, the CNA will be expected to document and maintain records of their Quality Control Program.

As a means of ensuring transparency into Program achievements and to establish performance incentives and defined consequences, both parties agree to the following:

1. Contractor Performance Assessment and Rating System (CPARS): The parties herein agree CPARS shall be used to document and report the CNA's performance under this Agreement. The Commission reserves the right to issue CPARS interim performance evaluations as often as may be necessary to document performance under this Agreement. At a minimum, quarterly evaluations are anticipated in conjunction with this

Agreement beginning with an interim evaluation for the First Quarter (Q1) of Fiscal Year (FY) 2017. A final CPARS evaluation will be issued upon completion of this Agreement's performance term.

2. **Public Posting of CNA Performance Achievements:** In addition to reporting in the CPARS database, the Commission will also publicly publish the results of the CNA performance achievements.
3. **Program Fee Ceiling Determination Adjustments:** The CNA's performance of requirements under this Agreement, and the Commission's application of the QASP thereto, shall be factors the Commission considers as part of the review of the Program Fee ceiling determination. Failure to meet a stated acceptable quality level (AQLs) within the QASP (e.g., Satisfactory or higher) will result in a reduced Program Fee ceiling. The Commission reserves the right to review and adjust, as necessary, the Program Fee ceiling on at least a quarterly basis. Any Commission Program Fee ceiling determination shall be effective on all contracts, including but not limited to, new or renewed contracts and/or modifications to terms of the NPA's contracts.

6.5: Effectiveness of Quality Control. The Commission will periodically assess the effectiveness of the CNA's Quality Control Program through review of reports required of the CNA, service delivery information, and customer interaction. The quality and timeliness of the CNA's performance of the scheduled program, service call responses and occupant feedback program will be used to assess the overall service delivery. If the CNA fails to adhere to the Agreement requirements and the CNA's performance remains unsatisfactory, it will have a negative impact in the performance evaluation process. Failure to provide required documentation will have a negative impact in the performance evaluation process. See also paragraph 6.4 above and Attachment 4, Quality Assurance Surveillance Plan.

SECTION D – AGREEMENT ADMINISTRATION

1. TERM OF AGREEMENT.

- A. This Agreement will become effective upon the Commission’s signature and extend for a period of eighteen (18) month for the initial term. - B. The Commission may extend the term of this Agreement by written notice to the CNA not later than the last day of the current performance term. The Commission shall provide the CNA a preliminary written notice of its intent to extend this Agreement at least sixty (60) days before the end of the term. The preliminary notice of intent to extend does not commit the Commission to an extension. This Agreement may be extended for two (2) six-month terms.
- C. Prior to termination, the Parties agree to work cooperatively in good faith to address any concerns or proposed grounds for termination.

2. DISPUTE RESOLUTION.

Such determination shall be the final decision to resolve the dispute. Nothing herein shall limit or waive the CNA's right to pursue judicial review of terms of this Agreement or of any action or decision related to this Agreement except where otherwise prohibited in this Agreement or by law.

3. SEVERABILITY.

If any particular term, covenant, or provision of this Agreement is determined to be invalid or unenforceable, the invalidity or unenforceability thereof will not affect the remaining provisions of this Agreement, which will nevertheless remain in full force and effect.

4. MODIFICATION AND TERMINATION.

A. Modification. Except as otherwise stated herein, this Agreement may be modified only by a written instrument executed by mutual agreement of the parties.

B. Termination. The Agreement may be terminated, in whole or in part, consistent with terms and conditions of this Agreement, the JWOD Act, 41 U.S.C. Chapter 85, applicable Federal law, and Commission regulations and policies as follows:

(1) By the Commission, if the CNA fails to comply with the terms and conditions of this Agreement;

(2) By the Commission for convenience; or

(3) By the Commission for cause;

(4) The Commission shall give not less than one-hundred (180) days' notice of termination to the CNA to effect a seamless transition of the CNA responsibilities.

C. In the event of expiration or termination of this Agreement, the CNA may collect:

1. Any and all fees accrued but not collected pursuant to Section B of this Agreement through the effective expiration or termination date from qualified NPA; and,

2. Any and all additional payments, including those pursuant to Section B.1.(f) for work performed by the CNA under this Agreement and/or in accordance with relevant statutory and regulatory requirements.

D. Prior to termination, the Parties agree to work cooperatively in good faith to address any concerns or proposed grounds for termination.

5. CONTINUITY OF SERVICES.

A. The CNA recognizes that the services under this Agreement are vital to the Government and must be continued without interruption and that, upon expiration of this Agreement, a successor, either the Government or another CNA, may continue them. The CNA agrees to—

(1) Furnish phase-in training; and

(2) Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

B. The CNA shall, upon the Agreement Officer's written notice, (1) furnish phase-in, phase-out services for up to 180 days after this Agreement expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the Agreement Officer's approval. The CNA shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this Agreement are maintained at the required level of proficiency.

C. The CNA shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this Agreement. The CNA also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the CNA shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

D. The CNA shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after Agreement expiration that result from phase-in, phase-out operations) and Program Fee not to exceed a pro rata portion of the Program Fee.

6. THIRD PARTY BENEFICIARIES.

Nothing in this Agreement is intended to create third party beneficiaries. No person or entity, including but not limited to NPAs, qualified or otherwise, or any person(s) at one time employed by or seeking employment with an NPA, has any rights or remedies under this Agreement.

1: OVERVIEW

1.1: Purpose. The purpose of this QASP is to identify the methods and procedures the Commission will use to ensure the CNA provides the services to the NPAs and accomplishes the AbilityOne Program objectives set forth under this Agreement as identified in Section E Attachment 2, Performance Requirements Summary (PRS) in the Performance Work Statement (PWS). This plan will focus on the level of performance required by the PWS; not the methodology or process.

1.2: Intent. The intent of this plan is to rely on the CNA's quality control, thus changing the Commission's role from "oversight" to "insight". Performance objectives will be periodically monitored and the quality program evaluated but the CNA has as much flexibility as possible to develop the most efficient methodology to meet and exceed the required standards of performance.

2: DESCRIPTION OF SERVICES

2.1: Program Overview. The CNA shall provide all management, labor, supervision, materials, equipment and supplies to furnish CNA program management services.

2.2: Scope of Work. This is a performance-based agreement. The CNA shall plan, schedule, coordinate, and ensure effective and efficient performance of all services provided. The CNA shall perform the services in a manner that promotes the Federal Government's policies and the Commission's specific objectives as set forth in this Agreement, the JWOD Act and 41 CFR Chapter 51. These performance-based objectives express the Government's requirements in the form of the minimum quality standard to be met.

The overall purpose of this effort is to increase employment and training opportunities for persons who are blind or have other significant disabilities through the delivery of products and services to the Federal Government in accordance with the Javits-Wagner-O'Day Act.

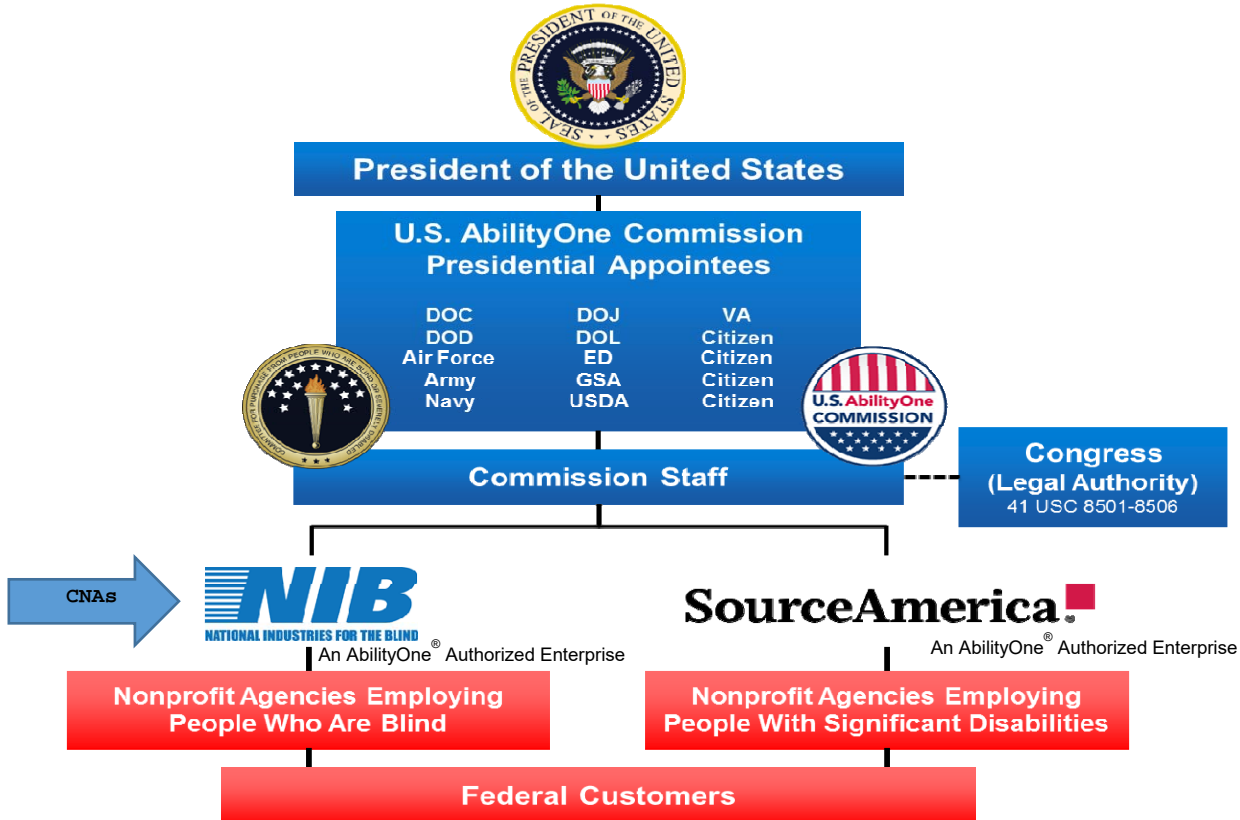

High value is associated with sustaining and increasing current employment levels and developing and executing new lines of business in the AbilityOne Program that also increase new employment opportunities.

Key Performance Indicators (KPIs) of this agreement are:

- Employment growth
- Program administration, oversight, and integrity
- NPA Support, Assistance, and Development

- Training and Strategic Communications

4: AGREEMENT QUALITY REQUIREMENTS

4.1: Quality System. The CNA's quality requirements are defined in Section C, paragraph 6.0 and Section E Attachment 2, Performance Requirements Summary, of the Performance Work Statement. The CNA shall establish, maintain, and implement a Quality Control Plan (QCP) that encompasses all aspects of the agreement.

5: QASP APPROACH

5.1: Purpose. This section details the method(s) used to verify CNA compliance with PWS requirements. The key elements of this process are the CNA's QCP and Commission identified Performance Objectives. The Performance Objectives dictate the minimum surveillance requirements the Commission must accomplish. This Quality Assurance Surveillance Plan

(QASP) provides the procedures on how to conduct these evaluations. To fully understand the roles and responsibilities of the Commission and the CNA, it is important to define the distinction between the QCP and the QASP. The CNA is responsible for its QCP and is responsible for management and quality control action necessary to meet the quality standards set forth by this Agreement. The QASP is developed to define the Commission's surveillance of the CNA's quality control efforts to ensure the CNA delivers the services and achieves outcomes expected in this Agreement. The Commission is responsible for implementing this QASP and the CNA is responsible for implementing its QCP to meet the quality levels established in this Agreement. Effective CNA surveillance relies on two methods for identification of unacceptable performance – CNA Identified Discrepancies and Commission Identified Discrepancies.

5.2: Surveillance Approach. To facilitate the surveillance of the CNA quality plan, the Commission will verify CNA compliance with designated Performance Objectives. The specific procedures to be followed in verifying the Performance Objectives are delineated in this plan. The intent of this surveillance approach is to gain confidence in the CNA's ability to provide satisfactory services and then adjusting the level of oversight to a point that maintains that confidence. This surveillance approach is subject to change based on the CNA's performance.

5.3: QASP Annual Review. The Commission will review QASP Performance Objectives, assess their applicability and recommend the addition or subtraction of Performance Objectives as conditions warrant. This review will be accomplished annually.

5.4: CNA Special Audits. The Commission must be alert to conditions that would warrant a special quality audit. If the Commission determines a special audit is required because the level of performance for any of the four (4) performance objectives, or any other significant performance requirement, is below an acceptable performance requirement, the Commission may initiate a special quality audit. If a special quality audit is initiated, the CNA will receive a minimum of sixty (60) calendar day notice before the special audit is conducted.

5.5: Surveillance Documentation. Surveillance documentation must be maintained by the Commission to capture surveillance and assessment conducted relevant to the four (4) key performance indicators. The documentation may be maintained in hard copy or on a computer database provided there is adequate backup of the data to preclude accidental loss. The surveillance documentation must contain the results of all surveillance assessments and may contain any other sections or information that the Commission finds useful.

5.5.1: ACTIVITY LOG. The Commission will prepare a chronological log of CNA actions taken in the accomplishment of assigned performance requirements. The purpose of this log is to provide a brief synopsis of an inspection of CNA provided services or a meeting or conversation

with the CNA regarding PWS performance in a given functional area. Documentation that supports activity log entries is maintained in the RECORDS section of the surveillance folder.

5.5.2: RECORDS. The Commission will maintain any documentation associated with discrepancy reports (both active and resolved), relevant correspondence, and/or letters of interpretation of this Agreement. The CNA shall maintain records that captures all activities relevant to its QCP and actions taken to resolve discrepancies.

5.6: Deficiency Identification. Effective CNA surveillance relies on two methods for identification of unacceptable performance – CNA Identified Discrepancies and Commission Identified Discrepancies. When discrepancies are identified, the Commission and the CNA shall develop a corrective action and ensure necessary actions are completed.

6: METHODS OF SURVEILLANCE

Each Performance Objective below will have unique quality standards and surveillance methodology. Enclosure 1 will be used to ensure consistent, timely, and accurate collection of CNA performance data for each of the defined performance objectives.

7: QASP PERFORMANCE OBJECTIVES/STANDARDS (See Enclosure 1).

The Commission will base performance assessments on both objective and subjective data and information used for evaluation, which will be shared with the CNA. One of the primary goals of the assessment process is to establish a performance and feedback process that supports successful execution of this Agreement. Each Performance Objective includes a Commission determined Performance Standard and the resource that is used to perform the verification.

8: QUALITY CONTROL COMPLIANCE

8.1: Quality Control Compliance. The Commission will evaluate the CNA's QCP semiannually through review of quality records and interview of CNA personnel involved in the quality control process.

8.1.1: The Commission will consider the QCP satisfactory if no more than two (2) findings are identified by the Commission per quarter.

8.1.2: The Commission will utilize the following method of surveillance:

8.1.2.1: Review the CNA's audit and inspection records for the nature and number of inspections conducted, the number and type of deficiencies found and the nature of corrective action taken.

8.1.2.2: Review the CNA's quality status reports to ensure all requirements of the QCP have been complied with.

8.2 Definition of Findings

8.2.1: Finding. A Finding is defined as any Commission identified noncompliance with Agreement requirements that specifies that an activity or action did not take place. The Commission will document in writing any and all findings of noncompliance with this Agreement and will afford the CNA the opportunity to work with the Commission to address any such findings.

SECTION F - AGREEMENT CLAUSES

1. RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT

(a) Except as provided in (b) of this clause, the CNA shall not enter into any agreement with an actual or prospective qualified NPA or subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such entity directly to the Government of any item or process (including computer software) made or furnished by the entity under this Agreement or under any follow-on related agreement, contract, or subcontract, or otherwise infringe on the entity's ability to compete for CNA designation.

(b) The prohibition in (a) of this clause does not preclude the CNA from asserting rights that are otherwise authorized by law or regulation. For the acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that an agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchases for the sale of the commercial item(s).

2. ANTI-KICKBACK PROCEDURES

(a) Definitions. "Kickback," as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any CNA, CNA employee, qualified NPA, qualified NPA employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with this Agreement, a prime contract in the AbilityOne Program or in connection with a subcontract relating to a prime contract in the AbilityOne Program.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from—

- (1) Providing or attempting to provide or offering to provide any kickback;
- (2) Soliciting, accepting, or attempting to accept any kickback; or
- (3) Including, directly or indirectly, the amount of any kickback in the contract price charged by the CNA or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor a part from payments contemplated by this Agreement and the Program.

(c)(1) The CNA shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the CNA has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the CNA shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General.

(3) The CNA shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Agreement Officer may (i) assess a penalty which and/or (ii) direct that the CNA withhold from sums owed a subcontractor under the prime contract the amount of the kickback. The Agreement Officer may order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the CNA shall notify the Agreement Officer when the monies are withheld.

3. BUSINESS ETHICS

(a) *Definition.* As used in this clause--

“Agent” means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act on behalf of the organization.

“Full cooperation”—

It includes providing timely and complete response to Government auditors’ and investigators’ request for documents and access to employees with information;

(2) Does not foreclose any CNA rights arising in law, the FAR, or the terms of the Agreement. It does not require—

(i) A CNA to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the CNA, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a CNA from—

“Subcontract” means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

“Subcontractor” means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

“United States” means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct.

(1) Within thirty (30) days after Agreement award, unless the Agreement Officer establishes a longer time period, the CNA shall—

(ii) Make a copy of the code available to each employee engaged in performance of the Agreement.

(2) The CNA shall—

July 17, 2017

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the CNA's disclosure as confidential where the information has been marked "confidential" or "proprietary" by the company. To the extent permitted by the law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the CNA. The Government may transfer documents provided by the CNA to any department or agency within the Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Government-wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the CNA shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic Agreement.

(c) *Business ethics awareness and compliance program and internal control system.* This paragraph (c) does not apply if the CNA has represented itself as a small business concern pursuant to the award of this Agreement or if this Agreement is for the acquisition of a commercial item. The CNA shall establish the following within ninety (90) days after Agreement award, unless the Agreement Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the CNA's standards and procedures and other aspects of the CNA's business ethics awareness and compliance program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(2) An internal control system.

(i) The CNA's internal control system shall—

- (A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with Government contracts; and
- (B) Ensure corrective measures are promptly instituted and carried out.

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as having engaged in conduct that is in conflict with the CNA's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance with the CNA's code of business ethics and conduct and special requirements of Government contracting, including—

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Agreement Officer, whenever, in connection with the award, performance,

July 17, 2017

or closeout of any Government contract performed by the CNA or a subcontractor thereunder, the CNA has credible evidence that a principal, employee, agent, or subcontractor of the CNA has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Agreement Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Government-wide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

4. EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS

(b) The CNA shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. § 4712.

5. SYSTEM FOR AWARD MANAGEMENT MAINTENANCE

(a) Definitions. As used in this clause—

“Data Universal Numbering System (DUNS) number,” as used in this clause, means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities, which is used as the CNA identification number.

“System for Award Management (SAM)” means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes.

(b) (1) By signing this Agreement, the CNA acknowledges the requirement to be registered and maintain an “Active” record in the SAM database prior to award, during performance, and through final performance under this Agreement.

(2) The CNA is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government’s reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the CNA is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this Agreement.

(c) The CNA’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the Agreement.

6. CERTIFICATION REGARDING RESPONSIBILITY MATTERS

(a) By signing this Agreement, the CNA certifies, to the best of its knowledge and belief, that the CNA and/or any of its Principals are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; have not within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses listed in this paragraph; have not, within a three-year period

preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied; have not, within a three-year period preceding this Agreement, had one or more contracts terminated for default by any Federal agency

(b) This certification concerns a matter within the jurisdiction of an Agency of the United States and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Section 1001, Title 18, United States Code.

(c) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the CNA knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Agreement Officer may cancel this Agreement.
